

The Hampden Park Bowls Club has been invited to host the Charity Bowls Afternoon on Saturday 13th July 2024, play commencing at 2pm. This is the day before the Eastbourne Open Bowls Tournament which is celebrating its 100 years this year.

The charity is the JPK Project, an Eastbourne charity, which aims to ensure that many more disadvantaged individuals can benefit from the support they need to explore their potential and contribute to the community in which they live and to provide peace of mind for their families and parents who will no longer face the concern of caring at home long into their retirement.

In celebration of the Eastbourne Open Tournament's Centenary the afternoon will consist of a Bowls Tournament for the Towner Rinks Trophy, which was first presented in 1918. Teams of four from the clubs in the Eastbourne Leagues and any clubs in the Open are invited to take part. The entry fee for each team of four is £20 which will include a buffet tea at its conclusion, the money collected will be donated to the project. The bar will be open for the purchase of refreshing libations, there will be a raffle and prizes will be awarded for outstanding performances on the green.

Please support this event 13th July 2024 2pm.
